

YELLOW WHALE

natural vine

PREMIER LINE SKIN

YELLOW WHALE is a company that seeks to research and develop cosmetics that utilize KOREA's local, top-quality natural resources. We wish to deliver genuine beauty right from the hands of the farmers.

**YELLOW WHALE** is developing and researching cosmetics starting with Seongju County's MOU using in-house technology and KOREA's high quality natural ingredients. Currently, **YELLOW WHALE** is proactively processing for patents through with the consultation from DAEGU Haany University (College of Oriental Medicine) and other experts for their highly effective technology in skin-whitening and antioxidizing.
